

7000CRB Developing and Enhancing Teaching Practice January 2021 Cohort Timetable

Timetables for January 2021 Cohort **online/blended** delivery are detailed below.

Please read information below about your online study blocks and workshops:

Study Blocks

The FutureLearn Study Blocks are asynchronous online self-study blocks, and do not require 'live attendance'. Your core learning will take place on the FutureLearn platform using asynchronous peer discussions, independent learning activities, reading etc. Whilst there isn't a set time for you to 'attend' learning blocks, you should aim to work through each block within the time indicated below.

Workshops

Workshops are live synchronous sessions. There are two different dates for each workshop. Please ensure you **sign-up to one** of the two options for each workshop before the course starts once your place has been confirmed. A link to sign-up will be made available in due course.

You will receive a 'welcome email' in January with further module information and Induction details.

Note for international partner, London Campus and Scarborough colleagues: your Induction and micro teaching dates may vary slightly. Where this is the case, these will be communicated to you separately as needed. However, your study blocks and assessment deadlines are the same as below.

Note this is a **DRAFT** Timetable. This is subject to minor changes. Please ensure you make a note of these dates in your diary/calendar, as all workshops are **mandatory**. Please check dates again closer to the course start date on <https://acdev.orgdev.coventry.domains/accredited-courses/PgC-APHE>

Event	Date	Time/Duration	Location
