3 - Submitting your application for Principal Fellow (please follow the instructions for submission carefully)

Submit your Principal Fellowship application with the following documentation attached as six separate files by the relevant closing date:

- Principal Fellowship Application Form (Endorsed by your Deputy Head or Head of School or Head of department) for either the written route or dialogic route. An electronic signature is encouraged to be used on a word document for ease of submission.
- UKPSF Descriptor D4 (Principal Fellow) Dimensions Mapping document;
- Three Advocate Statements. This should include one from an individual who has been influenced by yourself, one statement must be from someone external to the University and at least one of the statements must be a person who has HEA professional accreditation.
- Curriculum Vitae.

Please note that no other attachments will be opened.

Please submit your application on-line, via Moodle, at the Professional Recognition Framework and Accredited Courses section of the Academic Development website <https://acdev.Coventry.domains>

www.coventry.domains.ac.uk), where you will find the code for submission. Then follow the links to submission.

Please make sure that you adhere to the word count within 10% either way.

Please note that if any of this documentation is missing your application will not proceed to the current Panel.

4 - Guidance notes for Advocates providing Advocate Statements to support application for Principal Fellow

Advocate selection

The advocate should be a colleague who is in a position to comment, from first-hand experience, on your sustained record of effectiveness in relation to leading learning and/or mentoring and supporting others as well as your sustained record of effectiveness in your own learning and teaching practice. They should be experienced staff, familiar with the UKPSF but it is not mandatory that all three of the advocates have HEA professional recognition themselves.

Guidance notes for referees to help them in the preparation of the Advocate Statement

Who is this guidance for?

This guidance is for advocates and is designed to help you prepare your advocate statement. If you have any questions, please do not hesitate to contact Susan Bray, Academic Developer (Professional Recognition), and email: susan.bray@coventry.ac.uk.

What is the function of the Advocate Statement?

The function of the advocate statement is to provide a *peer review* of the applicant's experience and to support and supplement the information given in their application form and dimensions mapping document. It is important that you are able to comment, from first hand experience, on the applicant's most recent role and responsibilities. Please take time to read your colleague's full application form and dimensions mapping document giving their account of professional practice, before composing your advocate statement. You may also wish to refer to the relevant section of the HEA website <http://www.heacademy.ac.uk/ukpsf> for more information about The Higher Education Academy and the UKPSF.

What information do I need to provide?

Your statement should primarily refer to the applicant's experience. Please base your reference on how the applicant meets the Dimensions of the UKPSF at D4 for Principal Fellow including how their practice is underpinned by the **core knowledge** and **professional values** of the UKPSF, using your knowledge of his/her work, experience in organisational, leadership/and or management of specific aspects of teaching and learning provision in the context within which the applicant works. Please provide practical examples to support your comments wherever possible. Similarly, please comment on any innovative practice, mentoring, contribution to developments in teaching and learning at institutional level. Comment on the applicant's contribution to national initiatives in developing approaches to teaching and learning within the discipline in which the applicant is involved.

Is there a standard Advocate Statement format?

There is no standard form for advocate statements but it must make direct reference to the evidence and claims made in the completed application form and dimensions mapping document. A word count in the region of 400-500 would be appropriate. Please provide an electronic copy to the applicant and ensure that it includes your name, job title, organisation (including department where applicable) and email address.

It is the applicant's responsibility to obtain the statement from you.

If possible, please submit your advocate statement on appropriate headed note paper.

We may wish to contact you to clarify points in your advocate statement.

5 - Mentor support

Mentor support is available from peers who have become recognised at D4 via the Coventry University Framework for Professional Accreditation.

If you would like a mentor to offer support while you compile your application the HEA Professional Recognition Lead will be able to support you in the process. They can provide you with a list of those who have D4 within the University and is in a position to act as your mentor. In conjunction with the HEA Professional Recognition Lead you may then decide from this list who you would like to mentor you.

- It is very important that the HEA Professional Recognition Lead knows which member of staff with PF recognition within the University has been your mentor, so that we may insure they do not assess your application.

The mentor support will be on an informal basis and the number of times you meet with your mentor is between the two of you to decide. Your mentor may also support you whilst you to prepare your presentation for the Dialogic Route.

6 – The Dialogic Route

Principal Fellow applicants are required to demonstrate a sustained record of effective strategic leadership in academic practice and academic development. Participants are asked to demonstrate this particularly through the use of two case studies. Feedback from staff in the University has identified that they would welcome the opportunity to do this through dialogue, creating a space where the participants can interact with colleagues in putting forward their case rather than it being purely two written case studies. As highlighted by Pilkington (2017) providing a dialogic route would create an opportunity for '*reflection, exchange, exploration and recognition of practice through formalised conversation*'.

This option, which is being piloted initially, is therefore available to D4 participants who would prefer to engage in such a formal conversation to make their case for recognition.

The dialogic route process

The dialogic route will combine written and dialogue. Participants will be encouraged to engage with a mentor to ensure that their application is developed sufficiently and they are aware of the expectations for the 'formal conversation'. This will include guidance on what additional materials they need to use.

As the first step in the process participants will submit written evidence that will be used to inform the formal conversation. This written element will be submitted via the HEA Support Moodle site as used for all other applications. Based upon the full written Principal Fellow application the written evidence for the dialogic route consists of the following sections:

1. Demonstrating evidence of sustained track record of your effective strategic leadership (1500 words)
2. Outline of two Case studies (500 words) – to include quantitative and qualitative evidence which can be explored during the conversation
3. CU Framework for Professional Accreditation: Principal Fellow (UKPSF D4) Mapping Document
4. Engagement in Continuing Professional Development (1000 words)

Following submission of the written evidence this will be reviewed by the three assessors in preparation for the formal conversation. If the written evidence requires further development participants will be notified at this point.

Setting up the formal conversation

Participants will be contacted by the Academic Development team to set up a date convenient to them and the assessors. Submissions are submitted to four panels which are convened through the year. Provisional dates with assessors will be identified in advance to help manage the logistics of setting up the conversations; where necessary use of Skype or other online tool will be utilised to facilitate.

What is the 'formal conversation?'

This is comprised of a 15 minute presentation followed by a 30 minute 'formal conversation'. The panel of assessors will have reviewed the applicant's written submission and will focus on D4.II and D4.III, informed by the overview of the two case studies. The conversation will be open to explore other aspects relating to the content of the submission. The discussion will be **video recorded** for moderation purposes and for the External Examiner.

NOTE: if you do not wish to be video recorded then please do not choose the dialogic route.

What can I expect at the formal conversation?

The assessors will use a range of questions that will encourage you to describe and present evidence of you leading learning. The main aim of the questions and following discussion will be to focus on D4.II and D4.III. Examples of possible questions could include:

- What strategies were employed in these case studies for leadership and supporting others?
- What has been the lasting impact of your two selected case studies?
- How have these experiences informed your on-going practice? How have ideas been transferred and incorporated more widely?
- What is the evidence for sustained impact on your development?

During the conversation notes will be taken by the assessors.

7 - Communicating the outcome

The final decision on whether the participant has been recognised at D4 will be made at the CUPAAP. Participants will be contacted after the Panel by the HEA Professional Recognition Lead to be notified of the outcome and to set up one-to-one feedback sessions. Feedback will be available to all participants, whether recognised or requiring further development.

Re submission of your application

In the eventuality that you are required to re-submit your application, you will be required to re-submit all the paperwork and potentially undertake another formal conversation. However, through the feedback and support available you will be guided as to the areas for development, either in the paperwork or the conversation. With respect to the conversation this may for example be focused just on one out of the two case studies.

Support given

Support given	Assessor	Participant
Stage 1	<p>Step 1: Induction training workshop on reviewing dialogic applications for PFHEA; exploring good practice for the creation of a safe and conversational panel but one that still holds rigour in terms of eliciting answers that evidence D4 criteria</p>	<p>Step 1: Workshop on the process and introduction to material (VLE & Handbook); exploring the dialogic from the written route; discussing questions the assessors will focus upon to judge alignment with D4 criteria</p> <p>Step 2: A mentor is available to; examine the participants evidence of sustained impact to D4 criteria; exploring expectations and advice on how the 'panel' conversation will be conducted</p>
Stage 2	<p>Step 1: Assessors meeting to read through application documents and discuss appropriate panel questions</p> <p>Step 2: 15-minute presentation and 30 minute 'formal conversation' is held.</p> <p>Participant presents case studies (15 minutes) and Q&A in conversational style takes place for 30 minutes. '</p> <p>Formal conversation' is video recorded for moderation purposes and</p>	<p>Step 1: Opportunity for participant to request mock conversation with mentor before panel</p> <p>Step 2: Participant presents two case studies aligned to D4 criteria (15 minutes maximum) and then opens Q&A conversation (30 minutes)</p>

	for the External Examiner to view.	
Decision	Accreditation Panel (CUPAAP) makes decision. After the Panel feedback is provided by the HEA Professional Recognition Lead.	Participant offered feedback where appropriate and support for resubmission based on panel advice.
360 feedback post-panel	As this is a pilot all panel members will take part in semi-structured focus group to discuss 'lessons learned' and to capture what worked well and what could be improved	Participant will be asked to give feedback on the process from start to completion
Evaluation	Evaluation will be ongoing and inform good practice, particularly as the pool of assessors grows so that staff can benefit from each stage of this process. D4 standardisation meetings are held during the year for assessors.	Evaluation will be part of the process through all stages and areas of good practice identified

9 - Additional support / Answers to typical Questions?

- If you have received advice and guidance from a member of staff with Principal Fellow recognition; It is very important that you inform the HEA Professional Recognition Lead which member of staff with PF recognition within the University has mentored, you so that we may insure they do not assess your application.
- Please ensure that your case study covers a particular project that you have initiated and led.
